

LIVE MIX

**WANT A BIGGER AUDIENCE?
ADD SOCIAL MEDIA TO YOUR EVENT!**

Everyone scrolls their smartphones during live events. Why not make those actions part of your next production? With LSAV's compelling social media aggregator, Live Mix, you can project your attendees' status updates, tweets, images, and check-ins onto the widescreen for your whole audience and online world to see.

TOP 6 FEATURES OF LIVE MIX:

1. Perfect for all types of events

including general sessions, pre-function areas, social networking receptions, entertainment areas, parties, trade shows, and more!

2. Live social media walls and

multi-monitor displays of various sizes that project your audience's Facebook statuses, Twitter posts, Instagram images, and Foursquare check-ins throughout the duration of the event.

3. Customized graphics to fit your

brand so that you showcase the look and feel that you want in front of your audience.

4. Moderation capabilities with

every post so that only what you want your audience to see appears onscreen.

5. Advertisement and sponsorship

opportunities for partnership fulfillments or generating additional revenue.

6. Post-event analytics and metrics

so that you can measure the number of users, impressions, and reach that your hashtags generate from your attendees and online followers.
